

Commissions Ask Minimum Flow In Local Streams

Officials From California,
Nevada Ask For
Protection

The fish and game commissions of California and Nevada in a joint announcement Saturday strongly recommended minimum flow requirements and other fish conservation measures for the Truckee River between Lake Tahoe and Pyramid Lake, and for the east and west forks of the Carson River.

A joint resolution adopted by the two regulatory bodies urged a minimum flow release for the Truckee River at Lake Tahoe "forthwith" and offered other detailed recommendations for all three streams.

The resolution and a set of recommendations were the results of the fears of sportsmen and conservationists that proposed water projects by federal agencies and local water user bodies would prove detrimental to fish life if not coordinated with fish and wildlife interests.

Fears Expressed

The resolution reflected particular concern over the release of water into the Truckee at Tahoe, stating that the present manner of operating the existing dam at Lake Tahoe has been and is now detrimental to fish life in the river.

Specific local recommendations follow:

A. FLOW REQUIREMENTS:

1. Lake Tahoe Dam Flow Releases:
a. In years of normal predicted run-off a minimum release of 70 c.s.f. shall be maintained at all times.

b. In years of sub-normal run-off the minimum releases can be reduced on a percentage basis equal to the percentage the predicted run-off is below normal.

c. In years of above-normal run-off the minimum flow releases will be increased in direct proportion to the percent the predicted run-off is above normal, unless such increased flows would result in flows at Iceland in excess of the Floriston rates. At such times, the Tahoe releases can be reduced to or maintained at the 70 c.s.f. minimum. When the flows at Iceland decline to a point where they do not exceed the Floriston rates, then the increased release schedule shall be resumed.

d. The above flow requirements shall be put into effect forthwith.

e. The normal and predicted run off as referred to above are to be determined from the April forecasts based on official annual snow surveys of the Tahoe drainage basin. These forecasts are presently published in the "Federal - State Cooperative Snow Survey and Irrigation Water Forecasts" by the division of irrigation of the U. S. soil conservation service through the agricultural experiment station, University of Nevada.

2. Truckee Diversion Flow Releases:

a. A flow of 90 c.s.f., or a flow equal to that measured at the U.S.G.S. Truckee River gauging station (located immediately upstream from Donner Creek), whichever is less, shall be maintained in the Truckee River immediately below the Truckee diversion dam at all times.
b. A substantial part of the above flow should pass through the fish ladder which will be required at this dam. This fish ladder flow will be determined by the California department of fish and game when preliminary plans for the proposed diversion dam and data on proposed operating schedules are made available.

3. Prosser Dam Flow Releases:

a. A minimum flow of 3 c.s.f. will be maintained in Prosser Creek below the Prosser Dam at all times.
b. Said flow to be measured within 300 feet below the dam.

VAN SICKLE WILL RACE IN MONTANA

Mr. and Mrs. Lloyd Van Sickle left yesterday for West Yellowstone, Montana, where the former will race one of his dog teams in the annual championship races to be staged there Sunday.

The world champion Van Sickle has won numerous first places with his teams and expects to add a trophy in the forthcoming meet.

WARNS RESIDENTS OF REGISTRATION

County Clerk R. E. Deeble of Nevada County is warning voters that registrations for the various school district elections will end March 20 for the balloting to be held May 15. An elector must qualify 54 days prior to the election in order to vote.

Writing In Snow Fools Officials In Wake Of Movies

"Leavitt Is Dead!"

These grim words trampled in the snow and emphasized with carefully placed sticks and stones were spotted by a rescue plane four miles southeast of Truckee Tuesday and started an investigation which proved somewhat embarrassing to a "rescue" party headed by Sheriff Wayne Brown.

It appears that while a Hollywood motion picture company was here filming a story of a heroic Arctic crash and rescue, starring John Wayne, the words were spelled out in the snow as a prop to be filmed from the air.

The search plane Tuesday spotted the "tragic" message about a mile south of Highway 40, and immediately notified the sheriff. Brown hurried to Truckee, summoned Deputy Roy Waters and Coroner Alvah Hooper and, after securing a Sno-Cat, they started for the scene.

In the meantime, Constable N. F. Dolley, who had been out of town on business, returned and was advised of the message. Finding the location was only a short distance off Highway 40 and that the snow was virtually gone, he put two and two together and came up with the solution, which he later verified, and asked that a message be sent to the sheriff and his assistants to return to town.

BOEHM WARNS OF HIKING IN SNOW

Forest Ranger E. E. Boehm today issued a warning that youngsters hiking into the woods on top of the frozen snow are in serious danger and that the practice should be immediately discontinued.

A sudden blizzard, which might occur at any hour, could lead to a tragedy, he said. It is virtually impossible to track children on the icy crust and they may become lost, also increasing the danger. Small children should be carefully watched and never allowed to venture into the woods without an adult, he added.

VICTIMS OF CAR CRASH BELIEVED KNOWN LOCALLY

Local relatives are attempting to determine if the Audrey M. Egbert, 30, and her four daughters, killed in a tragic automobile collision near Delano last Friday, are members of the Eugene Egbert family, one-time residents of Truckee. Egbert is a brother of Mrs. William Gausche.

The names and descriptions closely tally with the former Truckee family. The father was employed here for more than a year about five years ago. All five and the car driver, Ted W. Galaday, 31, were killed when the car and a truck crashed head-on.

REID IS OFFICIAL OF TAX GROUP

Rex Reid, Donner Lake contractor, has been named vice president of the Nevada County Taxpayers Association. Reid and Howard Newsham, local telephone company manager, are members of the board of directors of the association.

Newsham and Reid attended the meeting at Grass Valley Monday night at which time Forrest Airington was elected president and Opal Hendricks secretary. New officers will be installed next month.

MRS. ALEXANDER FETED AT PARTY

A pink and blue shower was given Wednesday evening complimenting Mrs. Omar Alexander in the home of Mrs. Roy Waters. An enjoyable social evening followed the opening of gifts and serving of refreshments.

Attending were Mesdames Oscar Quam, Stanley Zwarg, Henry G. Loehr, A. E. Burlingham, Spencer Richards, Roy Waters, Bobbie Henderson, Dorothy Morhain, Columbia Tong, Misses Hilda W. John, Barbara McGaha and the honoree.

Branch Of Local Post Office Near Here Is Offered

Contract Office Bids Are
To Be Submitted
By Feb. 26

A possibility that a contract station post office may be instituted between Truckee and Donner Lake loomed today with the posting of notices by Postmaster E. C. Bavier, calling for bids for such a station.

Mrs. Bavier, under whose jurisdiction the station would be operated, said applications will be received by the local office until 6 p.m. Thursday, February 26. Forms and other information may be obtained from Mrs. Bavier.

The agreement to conduct the station will run initially only until June 30, 1953, at which time new bids for two years will be received in event the station is established.

The successful bidder must provide sufficient space in a main room in a location convenient for the public transaction of postal business. The facilities of the unit must provide for handling money orders, registry, parcel post and the sale of necessary postal supplies. All the equipment must be supplied by the successful applicant. This will include a safe, heat, lights and all clerical service necessary to conduct the business.

JAMES COOPERS RETURN AFTER NEVADA NUPTIAL

Mr. and Mrs. James Cooper have returned to make their future home in Truckee, following their marriage at Virginia City February 12. The wedding was performed by Matilda Pollard, justice of the peace, and the couple were attended by the bride's brother-in-law and sister, Mr. and Mrs. Earl Brown, operators of Brown's Cafe in Truckee.

For the ceremony, Mrs. Cooper chose a light brown suit with darker accessories, and wore a corsage of red roses. Dinner followed at Reno and later the couple spent several days at Las Vegas, accompanying Mr. and Mrs. Wayne Philippi to the south Nevada town until Tuesday.

The former Irene Neubauer is a daughter of Mr. and Mrs. William Neubauer of Walker, Minn. She arrived here last summer to visit her relatives. Cooper also came here several months ago and is employed by Stanley Songer. During their residence in Truckee, the newly-weds have made many friends in the region.

SANITARY TALK FEATURES MEET OF LOCAL C. OF C.

A frank discussion of the sanitary problems, and an expressed desire to assist in correcting them, featured the meeting of the Truckee Chamber of Commerce Tuesday night at Brown's Cafe. It was voted to assist the sanitary board in all possible ways in eliminating isolated existing violations.

The chamber also voted to assist the 20-30 Club in arranging for the district convention here in May, when it is expected more than 150 delegates will be present.

A membership drive to secure more than 100 members will be started Friday.

Cliff Ellis presided at the session which was attended by more than 20 members.

Tonsilectomy—Rosalie Frates, daughter of Mr. and Mrs. Edward Frates, underwent a tonsilectomy in the Tahoe Forest Hospital Wednesday. Dr. George Hahn attended the girl.

To Ukiah—Helen Moulter went to Ukiah on Sunday, after having attended school here for several months.

Visiting Here—Albert Hoak, former Truckee resident, visited here on Monday from Nevada City, where he is now making his home.

Here from Willows—Mr. and Mrs. James Leamon of Willows, former Truckee residents, visited Mr. and Mrs. O. Alexander and Mr. and Mrs. R. G. Leamon Sunday.

Sun Beams

by WALTER M. BARRETT

With a goal set for 100 members, the annual drive for membership in the Truckee Chamber of Commerce gets under way this week. This mark is not too high when the program of activities of the chamber is taken into consideration. We have noticed during the past several months particularly that interest in the chamber is expanding as more and more people are finding that only through a progressive program of promotion and development can the area grow. A spirit of cooperation exists among the local business people and association with the chamber is proving a sound investment. We sincerely believe that the goal of 100 members should be surpassed.

Every progressive business manager knows that advertising is as vital to his progress as merchandising or service. The one safe and sound, tried and true method of advertising is through the newspapers—a medium designed to reach the public and to be read at the buyer's convenience. Results from consistent, intelligent newspaper advertising are apparent.

TONINI STARS AS HOOPSTERS WIN IN LOCAL GAME

The Tahoe-Truckee High School basketball team bounced back into the win column in the local gym last Saturday night against a stubborn Nevada Union Ramblers squad 64 to 40.

The Wolverines, getting off to a slow 9-6 lead at the end of the first period of play, warmed up in the second quarter and were leading at half-time 30-16. In the final period, Center Bob Tonini cut loose on fast breaks, jump shots and charity tosses to drop in 15 points which boosted his total for the evening to 27 markers and a new scoring record for Wolverine squads.

Jones, Grow and Clyde Mandeville were fine in controlling the ball on the backboard rebounds, while Joe Copeland, feeding the ball to Tonini, kept the squad hustling all the time.

The local B were never able to get started as they dropped the preliminary game to the Nevada Union Bees 43-28.

On Friday night the varsity traveled to Smith Valley, Nev., where the locals were dumped by a small but fast and sharpshooting Bulldog five 60-42.

On Saturday, February 21, the locals end their regular schedule of play when they travel to Fernley, Nev., to play the varsity and junior varsity Vaguero squads.

LOCAL RIFLE TEAM DEFEATED

Grass Valley's American Legion rifle team invaded Truckee Monday night and outpointed the local Rifle and Pistol Club 762 to 685.

Twelve men came over from the west end of the county, competing against five local shooters. Emery and Mulcahy were high pointers, with 176 and 175 respectively. Glenn Lee of Truckee was third with 170 and Aaron Thomas of Truckee placed fifth.

LLOYD CRANFORD HONORED AT MEET

Mr. and Mrs. Lloyd Cranford were in Sacramento Friday, where they attended a state employees' dinner at which the former was awarded a certificate for 25 years of service with the state department of agriculture.

Cranford is supervisor for the state quarantine stations on the Nevada border, with headquarters in Truckee.

From Palm Springs—Mrs. Don Ryan of Palm Springs was a weekend business visitor here and a guest of Mr. and Mrs. Jack Ellis.

Moro Here Monday—John Moro of Sacramento, formerly of Truckee, visited Mr. and Mrs. Angelo Besio and local friends Monday.

Parents Cited By School Officials In Tahoe Action

Objection is Raised When
Parents Instruct Girl
At Home

TAHOE CITY—Mr. and Mrs. F. B. Sederberg of Tahoe Pines last week entered pleas of not guilty to a charge of violating a state educational code by failing to send their nine-year-old daughter, Suellen, to the public school.

They are slated to appear for trial in the Tahoe Judicial District Court on February 25 on a complaint signed by D. J. Fenno, superintendent of child welfare and attendance for the Placer County schools.

Sederberg, a resident of this area for several years, said his wife had been teaching their daughter at home for the past three years, using correspondence school courses, and that the child has now advanced in learning equal to a sixth grader in public school.

E. V. O'Rourke, district superintendent of schools, when questioned relative to the controversy, said Sederberg was advised as long ago as January last year that they were apparently violating the school code. The matter was discussed at some length and finally a report was made to Fenno, who filed the charges.

The grade which the child is qualified to enter in public school could only be determined after her capabilities are known, O'Rourke said.

Sederberg said that rather than have his daughter's education disrupted by placing her in a grade lower than the sixth, his wife would take her to a private school in Nevada if the correspondence school credentials are not recognized in that state.

OFFICERS NAMED BY HIGH SCHOOL P.T.A. AT MEETING

Last Thursday evening, the High School P.T.A. held their Founders' Day program in the form of a jittney dinner and cake auction. The P.T.A. was entertained by a group of numbers presented by the high school chorus under the direction of Joseph Mustol and the fashion show was presented by the sewing class of the high school under the direction of Miss Marilyn Daily.

The P.T.A. profited from the evening in the amount of approximately \$80. It was decided at the meeting that the P.T.A. should underwrite and guarantee payments for a popcorn machine for the student body. It was decided that the profits from the Founders' Day cake cutting and commemoration should go toward a scholarship fund which would be on a loan basis to worthy and deserving students.

The nominating committee suggested the following candidates for office in P.T.A. for next year:

Rex Reid, president; Mrs. M. O. Soltau, first vice president; George Bergen, second vice president; Mrs. Lewis Griffith, recording secretary; Mrs. Rex Reid, corresponding secretary; Gene Thompson, treasurer; Mrs. Jerry Little, parliamentarian; Mrs. A. E. Abbott, historian.

ASSISTANCE FOR TAX PROBLEMS

A representative from the U.S. bureau of internal revenue will be available at the Riverside Hotel in Truckee Wednesday, March 4, between the hours of 9 a.m. and 4 p.m. to assist taxpayers with their 1952 federal income tax returns.

Guests at Sturckes

Guests at the home of Mr. and Mrs. Martin Sturcke over the weekend were Mrs. Mary Muir, Gordon Muir, Miss Judy Depauli, Buck Moore and Miss Elizabeth Bishop, all of Albany.

Scotts Here—Mr. and Mrs. Ray Scott and daughters, Theo and Patricia, of Chowchilla visited local friends on Friday, en route to the wedding of Mrs. Scott's sister at Reno.

Baseball Meeting May Decide Local League Chances

Directors of the Placer-Nevada Baseball League will meet at the Hotel Auburn Sunday afternoon at two o'clock for the purpose of discussing the approaching season and determining which teams shall comprise the 8-team circuit.

John Rau, last year's manager for the Truckee American Legion post, said he plans to attend the session to represent Truckee in the league, although he expressed a doubt that the team would be sponsored this year by the local veterans.

He said he has talked with members of the 20-30 Club unofficially and that there are strong indications that progressive organization may take over the sponsorship and put new life into the club. Rau said he hopes to take a representative of the club with him to the Auburn meeting.

It is understood that Grass Valley, which was out of the league last season, plans to enter a team this season. Teams which played last year included Nevada City, Placerville, Lincoln, Roseville, Auburn, Placer JACL, Colfax and Truckee.

Truckee last year, because of a late start due to the extended winter and shortage of capable pitchers, landed up at the foot of the heap without a win. However, the games played at a home never failed to bring out a large crowd of fans, showing interest in the games by local supporters.

Another accomplishment not recorded by many teams in the league was the fact that the club wound up the season with a profit.

BENEFIT GAME IS ON TAP FOR MARCH OF DIMES

Tahoe-Truckee High School's varsity basketball squad will meet the Truckee American Legion five Tuesday at the local gym in a March of Dimes benefit contest. All gate receipts over actual expenses will go to the March of Dimes. A preliminary game between two picked teams chosen from the 7th and 8th grades will open the benefit show at 7 p.m.

It is hoped that a large crowd will turn out for this benefit show, and to see the 1952-53 TNT varsity in its last home appearance.

TOWN TEAM WINS BASKETBALL GAME FROM FALLON FIVE

Overcoming a nine point half-time deficit, the Truckee town basketball team came ahead to dump the Capucci-Weavers at Fallon Friday night. The final score was 39 to 35, with a tie at 11-11 at the quarter, Fallon ahead 21-12 at midway, Truckee edging 27-24 at the third canto and winning by four tallies.

Traveling into Nevada for the locals were Al Wakefield, Jack Lambres, Jim Flynn, John Rau, forwards; Phil Foster, Hal Snow, centers; Bill Curran, Dick Knipper, Burt Domgaard, Les Davidson, guards.

During the coming week, the townies will go to Lovelock Friday night and take on the Tahoe-Truckee high school varsity Tuesday evening, February 24, at the local high school gym. Proceeds from the latter tilt will be donated to the 1953 March of Dimes for the National Foundation for Infantile Paralysis.

KITTIE ELLIS IS FETED AT PARTY

Kittie Ellis, youngest daughter of Mr. and Mrs. Jack Ellis, observed her 7th birthday with a party at her home on Wednesday, February 18. Games and refreshments were enjoyed by the following guests: Kathryn Barrett, Kathleen Curran, Diana Kaspian, Donna and Virginia Barnes, Jean Wakefield, Debbie and Christopher Ellis, Karen Hedlund, Mary Ann Miller, Janice Eaton, Karey Kielhofer, Stanley Gartenmann, Terry Ellis. Pastel shades were used in the party favors.

Car Crashes In Area Result In Injuries To Four

Trucks Figure in Pair Of
Accidents Near
Truckee

Two people were injured in a car-truck accident on Dead Man's Curve near the Nevada state line last night at 7 o'clock. Taken to Reno for medical attention were Mr. and Mrs. William E. Rich of San Leandro, the latter with a broken leg and shoulder and head injuries.

Patrolman Martin Sturcke said Rich apparently lost control of the car on the curve and his wife was either thrown or jumped from the vehicle, landing on the shoulder of the road. Rich parked the vehicle in the left hand lane and picked up Mrs. Rich and was taking her to the car when the truck, driven by Charles McIntyre of San Francisco, came around the curve and did not have sufficient room to stop before striking the rear of the car. Mr. and Mrs. Rich were in front of their vehicle and were hurt when their car was knocked into them.

Driver Cited
Eugene McKenzie, San Jose, was cited for speeding after his car overturned near Farad. McKenzie, his wife and their four-year-old son escaped injury. Sturcke investigated. The mishap occurred at 10 o'clock last night.

Headon Collision
Two people were injured in a headon collision between a car driven by Merrill Allen Suggett, 30, Oakland, and a truck operated by Malcolm D. Thompson, 31, half a mile west of Norden at 2 o'clock Saturday morning.

Suggett, according to information given Patrolman Sturcke, was attempting to pass a truck when the second truck going in the opposite direction loomed up in front of him. The lighter vehicle was hurled from the highway, injuring the driver and Robert Chase, a sailor, who was treated at the Tahoe Forest Hospital for a badly broken right arm and head injuries. The injured service man was taken to the hospital by the Truckee Ambulance and later removed to Reno, where he was placed aboard a plane for San Francisco.

Suggett was cited for being on the wrong side of the highway, Sturcke said.

LENTEN SEASON CHURCH SERVICES

Rev. A. A. Carmichael, pastor of the Community Methodist Church, this week announced a series of special services for the 1953 Lenten Season. These services, each Sunday, will be as follows:

Church School at 9:45 a.m., with Superintendent Eugene Ridsen in charge.
Morning Worship and Sermon, 11 a.m. Theme: "Crucial Moments in Last Days."
Special Evensong and Message. Theme: "The Conscience of Men."
"A cordial welcome is extended to all who are interested to attend these services," the pastor noted. "Give God a chance by attending church somewhere this Sunday."

DOGS EMPLOYED TO TRACE BOYS

Two local boys, Joe Wallace, 11, and Jimmy Harris, 13, Saturday afternoon went on a hike to Euer Valley, nine miles north of here, and when they had not returned at 1 a.m., the former's step-father, Michael Richards, organized a search.

Richards summoned Lloyd Van Sickle and Al Haltom, local dog team drivers, and the trip was started. By following the tracks of the boys, the searchers arrived at the lodge in Euer Valley to find the boys comfortably seated before a roaring fire in the fireplace, calmly eating canned peaches and preparing for bed.

Fears for the safety of the boys were heightened by the fact that the temperature was only slightly over zero and the snow in the valley was five or six feet deep.

SCHOOL VARIETY SHOW ON FRIDAY

The first annual Ski Variety Show will be presented at the Tahoe-Truckee High School Friday night at 8:00 o'clock. The finishing touches are being put on the show entitled "Mountain Madness." The show is centered around a ski theme and around such prominent areas as Squaw Valley, Donner Summit, Granlibakken and Hilltop. The music includes many favorite ski melodies and snow songs, re-written to fit the local scene.

One of the well-known faculty members, Norman Dewhurst, will star as "Sam McGee from Tennessee."

Tahoe Topics

by ETHEL J. VERNON

The weather here continues clear and sunny by day and crisp and a bit frosty by night. The days are ideal both for skiing over snowy places or driving along clear, dry highways, while the nights preserve the packed snow for further skiing. There have been added signs of approaching spring, however, during the past week. First a flock of geese flew over, seemingly pointing toward

the shallow feeding grounds at the south end, which is very unusual at this season. However, a couple of days later, out in the sheltered curve of sandy Meeks Bay, two of these messengers of early spring were observed at close range. Byron Morgan stepped out of his boat house on the beach to find two large, healthy looking wild geese placidly floating by not 20 feet from the water's edge.

On the John Drum summer estate, a half mile south of Meeks Bay, one day last week the caretaker, Herbert Haley, observed

coyote tracks along the lakeshore as though the animal might have recently spotted a tempting meal floating there. Haley set a trap near the fresh tracks and next day found a large coyote in it.

In Tahoe City during the past two weeks, Constable Harry Johanson has found his young dog, Bambi, growing to be more and more of a handful. One morning, as Bambi watched from a snow-bank outside a glass door of the Johanson home, she observed her master eating breakfast inside the cozy kitchen. Furthermore she saw her two Samoyed friends, Viking and Pete, enjoying choice bits of food with him. Bambi observed silently, then leaped suddenly through the glass door and the next moment she was reaching her nose across the table. Since that time Harry has kept a blanket tacked over his once glassed-in door. A few days later the constable reluctantly decided he had best part with his lovable—and dynamic—pet. Mr. and Mrs. Gerry Waters of Deer Park Lodge had previously indicated they would like to have the animal. So Bambi, who loves to ride in her master's car, was invited into it, along with the two dogs, and driven to Deer Park. There a stout rope was attached to her collar and she was tied fast. Harry gave his dear little deer a farewell pat, climbed into his car and departed for home. He had been in the house a few minutes when his telephone rang. It was Waters calling to say Bambi had left in the direction of home, taking part of the rope with her. Harry got into his car and retraced his route down the river road. About half way to Deer Park he saw Bambi leaping toward him, up the middle of the road. The little deer was hurrying home in case she might miss her supper. The constable pulled his car to the roadside, opened the door and picked up the hitchhiker.

What the heck! Who wants to give away a pet deer, anyway?

Plans are going ahead for the interscholastic ski tournament to be held here and at Squaw Valley February 20 and 21. The giant slalom will be run on the Squaw Valley course on the morning of the 20th and the cross country races on the Tahoe City golf course next morning.

At the Far West Ski Association's tournament in Yosemite Valley over the past weekend, almost the entire active membership of the Lake Tahoe Ski Club was entered. Most had to leave here Friday and hence no weekly club meeting was held Friday night. The club's members as usual gave good account of themselves, with Lewis Fellows once more proving himself Tahoe's ace junior skier. In group 2 he won second place in downhill, first in slalom and first in combined. Jay Stuart was fourth in downhill, seventh in slalom and sixth in combined. Gary Brumbaugh placed 16th in downhill, 15th in slalom and 15th in combined. In the girls' group 2 Penny Jenkinson was fifth in downhill, slalom and combined. Rex Donaldson, in boys' group 3, ran fifth in downhill, second in slalom and third in combined. In boys' group 5, Jimmie Huega placed first in all three. In girls' group 5, nine-year-old Binth Rustad was third in downhill, first in slalom and second in combined. Lillie Cushing was entered in girls' class 5 and her sister, Justine, in class 3. The two girls represented the Squaw Valley Ski Club and both made good showings. In all, there were 144 entrants in the two-day tournament.

Among Tahoeites who motored to Yosemite to witness the ski sports events were Mr. and Mrs. Ray Fellows, Mr. and Mrs. William Jenkinson and Mr. and Mrs. Jay Shontz. Houseguests during the past

week at the Alexander Cushing home in Squaw Valley included Mrs. Cushing's sister, Mrs. A. MacFadden; Thomas Watson, president of International Business Machines, and Allan Sage, all from New York.

Shirley Zay Flagg of Tahoe City is among those accepted for admission to Santa Barbara College of the University of California for the spring semester.

At the C. W. Vernon home last Wednesday evening, A2c Florence B. Vernon, on leave from Hamilton Air Force Base, was hostess to several Tahoe friends at a pre-Valentine pinocle party. Attending, beside the Vernon family, were Mr. and Mrs. A. M. Henry, Mr. and Mrs. A. M. Anderson, Mr. and Mrs. Phil Geier and Mrs. Laura Wilson. After the game, refreshments were served by the hostess from a table decorated in

the Valentine motif and there was piano music by Mrs. Wilson. Score awards in the game went to Marie Henry, high; Phil Geier, second, and Anne Anderson, consolation.

On Valentine's Day—and, incidentally, the 109th anniversary of Lake Tahoe discovery by white men—came a lovely flower-bedecked Valentine card from the C. O. Valentines. The Valentines are former Tahoe residents who are, at present, vacationing "south of the border". Judging from the tone of their message, they are thoroughly enjoying old Mexico.

Other Tahoeites who, by now, are touring the highways of Mexico are Mr. and Mrs. E. H. Pomin of Tahoe Park and their cousin, Ernie Pomin of Idlewild. On Sunday, Ernie motored from here to San Francisco where he was scheduled to meet Ernest and Northie, who have been visiting their son,

Harry, in that city. From there, the trio planned to leave on a pleasure trip down the coast and even—(Continued on Page 5)

NORTH TAHOE

by JUDGE HARRY CHARRISON

I would like to follow in the footsteps of "Our Friend Thelma" and give you something to read but I can't do it. My feet are too big. Very glad to say our North Tahoe editor is progressing splendidly after a minor operation performed at the Tahoe Forest Hospital in Truckee. Now, with her arm in a sling, I am told "Mac" is taking unfair advantage. He is bending every effort to become the boss of the Burroughs household—but I don't think he'll make it.

Quite a happy gathering at the O'Briens this past week, the whole

family on hand to make it so. Borue Sr., Borue Jr. and daughter Barbara on a visit. Borue Jr. is in the U. S. Navy and has been stationed at San Diego.

Letters from the Bill Althofs indicate they are very happy in their new surroundings at Sandpoint, Idaho, although being more or less in the backwoods. Their many friends wish them every success.

Our hats off to Mac Burroughs, Joby Lewis, George Canon, Carol Raymond, representing the Lake Tahoe Chamber of Commerce, and Walt Mandeville, president of the Council of North Tahoe Organizations, for these were the folks who did a splendid job of convincing a gathering of Nevada authorities of the dangers that existed at the

turn-off from Highway 50 at Highway 28 coming toward North Tahoe. We hear that the danger will be eliminated shortly, thanks to the committee and to H. D. Mills, Nevada state highway engineer. I hear too we might have another meeting after the fashion of the very successful one that we held last March when all the "top brass" were here.

Just a wonderful rumor (keep it quiet): There is a possibility that the Truckee short-cut and also the Mount Rose road may be opened up in the very near future. This depends somewhat upon the weather, you know.

The card party held by the Lake Tahoe Lions Club was really a success and quite a tidy sum was raised for purchasing skis for the young folks of this area. The committee in charge included Walter Mandeville, Lee Madden and Mel Throop. Delicious refreshments were served. Donations toward the success of the party were made by Tahoe Vista Garage, Loynd's Drug, Knigs Beach Automotive, Sierra Lodge, Cal-Vada Lodge, Jay's Drug, Painter Lumber, Atkins Lumber, Stop & Shop, Crystal Bay Bar, Village Store. Walter says another party will be held some time during March.

Mrs. Arnold W. Miedema has just arrived at her Kings Beach

home on the golf course after spending three months in Pasadena. Arnold is commuting between Truckee and the lake, being employed at the state quarantine station at Truckee. Mrs. Miedema stayed part of the time with her daughter in Pasadena and her mother at Santa Monica.

Richard (Dick) Astle is now out of the service and is working at Gil Ballard's Lake Tahoe Marine & Supply in Carnelian Bay.

Gasoline prices going up? Ah, don't feel too badly. Had a letter from England this week—was told the price of "petrol" there is 57 cents a gallon.

Had a letter from Dave Ashton from Sacramento a few days ago. Dave says he is getting itchy feet, the foggy weather down there is not so good and, upon hearing of our spring-like weather, is anxious to get back to the lake.

One of the busiest men on North Tahoe is our Dr. Jose Nessim. It is quite a chore for him these days, driving back and forth from Kings Beach to Truckee. He is a wonderful asset to both the Tahoe Forest Hospital in Truckee and the North Tahoe community. Beside being an excellent physician, he is very much interested in the welfare and development of our area. Thanks, doctor!

Imagine the graders working on our county roads—snowless roads, I should say—at this time of the year. Frank Wagner and Gene Howard have been doing a wonderful job around the area all through the winter months. Thanks also to our Supervisor Frank Paoli.

Visitors to North Tahoe are amazed to find street lights upon entering the North Shore. It certainly is wonderful, especially to the folks walking on our highway and side streets. By the way, if you find a light not burning just call Ace Abbott and he will see that the light is fixed.

I hear Mr. and Mrs. V. L. Mosier of Veron Villa, Crystal Bay, are now in Phoenix, Arizona, having returned from their trip to old Mexico. The Vincent Vercos, who accompanied the Mosiers to Mexico, are now in Reno with their daughter.

Hot-rodgers like to have an aluminum head on their motors and a platinum head on their shoulder.

Lake Tahoe is practically devoid of any newspaper other than this. The area covered by the Sierra Sun is large and the news of the week is gathered from near and far. We have had this paper delivered to our P. O. box for the past six years. If you know of any friend that would like to subscribe, "tell it to the Judge" or write or call the Sierra Sun in Truckee. They'll be happy about it and so will the subscriber.

The Veterans of Foreign Wars of North Tahoe sat down to a five-course banquet in Carpenters Hall last Sunday night. A splendid gathering of around 60 people attend-

LAKE CHAMBER ACTS FOR IMPROVEMENT AT ROADS' JUNCTION

TAHOE CITY—Returning from Carson City and a Friday the 13th meeting with Nevada State highway officials, the highway and roads committee of the Lake Tahoe Sierra Chamber of Commerce has written off the jinx popularly inherent to that date.

The chamber committee, headed by Chairman P. M. Burroughs and including Walter Mandeville, Joby Lewis, George Canon and Carol Raymond, chamber manager, met with H. D. Mills, Nevada highway engineer; Ralph Ottini, traffic engineer, and William H. Smith, bureau of public roads engineer, to discuss improvements of highway conditions at Spooner Junction, convergence point of Highways 50 and 28.

It has been the contention of the lake chamber that current conditions at the junction constitute a hazard to the traveling public and a deterrent to lake traffic, north and south, through too abrupt angle turnings, too narrow a roadway and possibly through inadequate road signing in the area on Highway 50 between the Highway 28 intersection and the beginning of the downgrade toward Carson City via the Clear Creek Grade. The chamber had asked correction of conditions in this area before lake-bound summer crowds arrive to add to hazard through numbers.

Following the Friday meeting, the chamber reports that, in line with its usual cooperative policy, the Nevada highway department,

ed. Harry (Pappy) Brooks was the chairman, assisted by Otis Wing, Noble Murray and others of the VFW. Plans were discussed, tentative that is, for the building of a Veterans Memorial Building on the Gun Club Road. These plans will be taken before the Placer County Board of Supervisors. If the plans come to reality, the North Shore will have something to be proud of. The board of directors of the North Tahoe Community Club decided to go along with the idea and will recommend same to the club as a whole. Any Vets and to our community, who I way, good luck and success to the believe are going places. —HC

OVERFLOW CROWD AT CLUB PARTY

TAHOE CITY—Almost 100 percent of the members of the Tahoe City Rotary Club and their ladies journeyed to Brockway Monday. There a joint meeting was held with Brockway Rotarians and their ladies at Cal-Vada. The turnout was so good that extra tables had to be set up. Approximately 70 persons enjoyed the movie "Hob-

bies" and later dancing. March 17 the Rotary Club of Tahoe City will hold a St. Patrick's meeting for their ladies at Tahoe Inn. Brockway members and their ladies will join in the fun.

The Adler Planetarium in Chicago was opened in 1930.

CRYSTAL CREAMERY

KITCHEN TIPS

FROM THE CRYSTAL MAID

Have you discovered how the goodness of Crystal Dairy Foods helps you to be a wonderful cook? Have you found that a supply of Crystal Milk, Butter, Cream, Cottage Cheese and Buttermilk is a priceless aid in good meal planning? Share your discoveries and ideas with our readers! Send them to us and for every one printed in these columns we'll deliver to the sender a package of "REALLY farm fresh" Crystal Dairy Foods worth \$5.00. Send as many ideas as you wish. Mail them to the "Crystal Maid," 1013 D Street, Sacramento, California.

OLD HEN, GLORIFIED
1 4 1/2-lb. fricassee chicken
2 tbs. olive oil
1 clove garlic, sliced
1 1/2 cups hot water
1 tsp. salt
Sauce:
2 tbs. Crystal Butter
2 tbs. flour
1 cup chicken stock
1/2 cup chopped parsley
1/2 tsp salt
Yolk 2 eggs
1/2 cup white wine
Cut chicken for fricassee. Heat oil and garlic in casserole. Remove garlic, brown chicken in oil. Add water and salt, cover and steam until tender (about 1 hr.). To make sauce: Melt butter, add flour, blend and add the cream and stock, stirring constantly. Add parsley and let mixture come to a boil. Beat egg yolks and wine together and add. Simmer until thick and pour over chicken. Serves 6.

Crystal Golden Shield Guernsey Milk has been proven by tests to be the "Richest Guernsey milk in the Valley." You'll taste the richer, creamier flavor in every drop. So much more goodness for just a few cents more! Look for the A.M.A. Seal of Acceptance on the new Crystal carton.

If you're fussy about food—want to serve your family the best and be proud of it, you'll appreciate "REALLY farm fresh" Crystal Cottage Cheese because it's made fresh every day and delivered fresh daily.

Planning a party for the holiday weekend? Crystal's Whitehouse Cherry Ice Cream will solve the dessert problem of a gay food for a gay e. It's party-pretty with bright chunks of crisp cherries, and what a tantalizing flavor!

A quick, delicious topping: Crush peanut butter and add to stiffly whipped Crystal Whipping Cream. Glamourizes any plain cake!

Cook white cabbage with 1/2 cup canned pineapple juice and 1/2 cup water. The pineapple flavor will disappear, leaving the vegetable with a flavor all its own.

When winter weather threatens mountain telephone lines, Jim Carson and his fellow linemen roll out to make sure calls go through.

Jim Carson—Telephone Trouble Shooter

The story of how telephone men see that your calls go through in any weather

"Jim Carson" could be any one of the thousands of telephone trouble shooters on the job in the West. And he's mighty busy when blizzards strike in the mountains. When the electronic testing equipment spots possible trouble on telephone lines, Jim and a telephone crew are dispatched to stop the trouble before it can interrupt service. Often while a storm is still raging, they are on the job—clearing lines—helping to make sure your telephone calls go through quickly, reliably.

When disaster strikes

Flash floods, forest fires, earthquakes—these are disasters which can strike a community. But you can be sure that telephone men and women will be on the job in times of crisis—maintaining telephone service which can have a value beyond price as vital telephone calls go through.

YOUR TELEPHONE IS ONE OF TODAY'S BEST BARGAINS

Radio telephone keeps Jim and his fellow linemen in touch with their home telephone base. If necessary, they may call upon emergency telephone equipment which is stock-piled at strategic locations up and down the West. After the storm, Jim and his crew may patrol lines for potential trouble spots—leaning poles, broken branches, wires buried in towering snowdrifts. It's constant checking like this that keeps your service dependable. And, of course, keeping your service reliable in any weather is just one more way we make sure your telephone service remains the finest in the world.

Truckee, Calif.

Last Thursday those enrolled in the ski class went to Gralibakken for practice and fun. Those attending from the first grade were Kathleen Arney, Lynn Chatwin, Bobby Ford and Suzie Lucas. Mrs. Kay Wing and Miss Marilyn Baker accompanied them.

Friday morning we had a Valentine party. Valentines were exchanged and the PTA served cake and heart-shaped ice cream.

2nd and 3rd Grades

Tuesday Mrs. Wing showed us a film during social studies. The name of the film was "Mexican Children." We learned many things about the country that we are studying.

We have two boxes of Tinker-Toys in our room. Cathie Graton is the monitor of the girls' set and Kenny Bailey is monitor for the boys' set. We have been playing with them for a week and we haven't lost any yet!

Our frieze on the transportation in Mexico is coming along very well. Daryl Brooks and Bobby Hobbs have drawn the burros. Frances Howard and Sherry Arney painted the sky.

Cathie Graton, chairman of the group who are studying "Products of Mexico," has coffee beans and cotton pasted on the products chart already.

The Kings Beach PTA gave us a very lovely Valentine party. After our postmaster, David Decker, and his assistant, Joanna Johnson, handed out the Valentines, Mrs. Jerome Little and Mrs. Robert Hobbs served us cake and ice cream. We want to thank the PTA for the delicious refreshments.

We enjoyed the ski meet at Gralibakken last Thursday. The ride on the weasel and on the sled pulled by the weasel was a new experience for all of us. We were pleased that Gwen Mizner came in first place in the girls' intermediate race.

4th, 5th and 6th Grades

On February 10 our class went to Truckee to visit the library at the district high school. We learned much about how a library is operated. Miss Jeannette Lawrence, the librarian, and her assistant were very helpful to us in finding information about Brazil. We found many interesting books for free reading and almost all the students checked out books to take home.

During our day at the high school, Mrs. Charlotte Patnoud, the school nurse, gave each student a hearing test. All the tests were successful.

Dr. Jose Nessim came to our class last Wednesday to tell us about his recent trip to South America. He gave us information about South America and confirmed other information which we had found in our books. The class enjoyed the talk and thanks Dr. Nessim for taking time to visit us.

The ski field day was enjoyed by the students. Gwen and Timmy Mizner were successful in their events but all who entered the slalom races felt they had accomplished much in the short time they have been taking lessons.

On February 19, the PTA will hold its regular meeting. Founders

TAHOE LAKE SCHOOL NEWS

Kindergarten and 1st Grade

We enjoyed decorating Valentine boxes and making candle holders for the Valentine party, held in the school room last Friday.

2nd and 3rd Grades

Our class has enjoyed celebrating two holidays that we had this past week. On Lincoln's birthday we discussed the life of that great president. Then we made little paper log cabins. On Friday we had a class Valentine Party in the afternoon. We exchanged Valentines, played games and had refreshments.

Last Thursday afternoon was our ski field day and the races were enjoyed by all.

4th, 5th and 6th Grades

We are preparing and presenting social studies on the West Indies. The following are chairmen of committees: Bahama Islands, Mike Forsberg; Cuba, Diane Speeter; Haiti, Doug Ball; Dominican Republic, Jimmy Huega; Leeward Islands, Kenneth Wilson; Windward Islands, Judy Fanger; Trinidad, Chris Poulsen; Jamaica, Sharyn Wright. During art periods we have been working on bulletin boards of the West Indies. We have made islands and huts, trees and people typical of those to be found in these islands.

The members of our class who went to Yosemite last weekend as members of the Lake Tahoe Ski Club did well. Jimmy Huega, 4th grader, received three firsts; Rex Donaldson, 6th grader, got a fifth in downhill, second in slalom and third in combined; Bith Rustad, 3rd grader, received a first in slalom, third in downhill, second in combined.

Results of our ski field day, held last Thursday at Gralibakken, showed Sharon Bechdolt as winner, Sherry Thatcher second and Mary Ann Stark fourth in the girls' advanced group. Bobby Porter placed first and Gary Henry second in the boys' intermediate group.

Sharon Bechdolt and Bobby Porter brought home some magazine pictures to school for our science bulletin board. These pictures were about the oceans and helped us visualize the Atlantic and Pacific Oceans' seascapes.

DENTS HAMPER FORESTING

White-footed mice, chipmunks and other rodents pose a major threat to California's reforestation program, according to a report from the state department of agriculture.

In the state's greatest virgin timber stands, in Trinity and Humboldt Counties, the mice eat seeds planted for reforestation of Douglas Fir so rapidly it is no longer deemed practical to plant seeds.

Lloyd Tevis, zoology specialist in

Day will be observed and election of officers will be held. Mrs. Patnoud, the school district nurse, will talk about the school health program.

RE-EXAMINE POLICY ON WINTER FEED FOR SIERRA DEER

The California fish and game commission has announced a clarification of its controversial "no feeding" deer policy which would permit emergency aid to threatened deer "temporarily trapped by unusually heavy snows."

The move clarifies provisions of a 15-point deer management policy adopted in 1950 which calls for "management of deer herds on the basis of natural forage without recourse to artificial feeding."

In its announcement, the commission stated that "controversy has arisen as to whether this policy precludes the feeding of deer, for humane and public relations purposes, by the department of fish and game, when such animals are temporarily trapped by unusually heavy snows, thereby making their normal forage unavailable to them."

"This commission did not intend to prohibit such feeding by the department of fish and game under proper control, during extreme emergencies, and does not now construe the policy as adopted to do so."

The resolution asks that "the department keep in close touch with the deer herds throughout the winter, and if such animals are found to be trapped by abnormally heavy snows in any locality the matter shall be reported at once by the director to the members of the commission and their approval sought to proceed with an emergency feeding program."

"If a majority of said commissioners concur in the findings as reports, the department may, whenever practicable, proceed to provide and distribute either natural or artificial foods, under carefully planned departmental supervision, as in the opinion of the director and his staff will best serve to tide the stranded animals over the emergency."

A department of fish and game representative told the five-man commission that there is currently no threat to California deer herds from weather conditions. The Sierra deer are in better than usual condition, he reported, and feed conditions are excellent.

Warm January weather and a light snow pack in most areas mean a good spring for deer. The winter situation remains under constant watch by department field men and the department is prepared to carry out any necessary emergency feeding on short notice.

SCHOLARSHIP GIVEN AT SOUTH TAHOE

A college scholarship of \$500 has been given to South Tahoe High School by Mr. and Mrs. Harvey Gross.

L. R. Pool, principal, and two faculty members will judge the winner on the basis of academic achievement, need, leadership in school activities, character, promise of success at college and length of time at South Tahoe High School.

The money will be paid to the fortunate member of the first graduating class in the following manner: \$50 at the time of registration in a collegiate institution and \$50 each month for nine months. It is the intention of Mr. and Mrs. Gross to make the award at the commencement exercises on the evening of June 4.

the department, says, "Often 90 per cent of the seeds planted are eaten during the first night out."

Hence, new trees must be grown in nurseries for later transplanting in forest areas, a costly procedure.

Chipmunks are among the principal offenders in the high Sierra forests.

Tevis conducted research in the Quincy area as well as in the Trinity-Humboldt region.

My Place In the Sun

by DOUG BARRETT

The postmaster of Soda Springs (Art Couillard) and the postmaster of Truckee (Elizabeth Bavier) in earnest conversation.....undoubtedly trying to figure a way to get mail from here to there without "long hauling" it to Sacramento first.....Bill Englehart Jr. is getting quite a rep as an amateur prestidigitator.....his latest public appearance being before the Valentine party for the 4th and 5th grades.....incidentally, he's beginning the initiation of his son, Merrill, into the arts of Merlin..... Was sorry to hear that George Boyle, shop teacher at the high school, accidentally ground off a bit of a digit yesterday.....needing several stitches to close the wound.....A thought while inadvertently eavesdropping as I walked along Commercial Row.....more folks are run down by gossip every year than by automobiles.....Robert Houghton of Burley, Idaho, struck and killed a huge bobcat with his car on the highway near Truckee a fortnight ago.....the pelt is 55 inches long and Houghton plans to convert it into a rug.....Hermann "Bud" Owens and Earl "Agent" Stice main stem soliciting for an excellent cause.....the Boy Scouts of America.....You really ought to support your chamber of commerce.....be it the Truckee, Tahoe-Sierra or Donner-U.S. 40 one.....bet very, very few of you ever heard of Knoxville, Claraville, Elizabethtown, Centerville, Modiosho or Neptune City.....yet they were all once thriving communities between here and Lake Tahoe.....the

SHOE REPAIR

by Experts

Good shoe repair requires expert workmanship and high quality materials. That is what you get at Truckee Shoe Shop; plus the saving you make on the reasonable low rates.

One of the most important factors in getting the most wear from your shoes is to make sure that the repair work is done as soon as it is needed. The cost will be less and you'll get a better job. Don't put off shoe repair!

TAHOE TOPICS
(Continued from Page 2)
tually to Mexico City. They expected their vacation to last about a month.
Visiting their summer home at Meeks Bay one day last week were

Palace Barber Shop
Over the PASTIME CLUB
TRUCKEE

Mr. and Mrs. Fred Kehlet Sr., who motored up from their place in San Gabriel by way of Reno. They drove back the next day via Sacramento and the valley route. They brought word that their son, Darrel, and his wife, wintering in Alhambra, had become the parents of a baby boy, born late in January. The new baby is their fifth child. He has two older brothers and two sisters. The family spends all their summers at Meeks Bay.
During the past week two young Tahoe City matrons, with their families spent a short restful

holiday in the valley, where spring is really beginning to spring. They were Mrs. Jay Shontz and Mrs. William Bechdolt, who visited at the home of the former's parents, Mr. and Mrs. D. M. Brodehl of Lodi.
Henry Helm, employee on S. P. freight deliveries in this area, sustained a painful injury one day last week while skiing. He is reported to have fractured his spine and was taken to St. Mary's Hospital in Reno, where he is still a patient.
Guests at Tahoe Inn over the weekend were Mr. and Mrs. Jack Ternan of North Hollywood. He is chief realtor for the Laurel Investment Company of that city and the couple arrived Friday for their first visit to the lake region. Intending to stay only an hour or two, they were so enthralled with after giving up their room and riding the beauty of the scenery that, along the lakeshore highway a few miles, they returned and reserved the room for the entire weekend.
Mr. and Mrs. Bud Scott, who have been wintering in Carmel,

motored up for the past weekend to their summer place just south of Tahoe City. While here, the Scotts put in some time redecorating the interior.
Mr. and Mrs. Leon Dockham, who for the past several years have been resident employees of the state fish hatchery north of Tahoe City, left Friday for Oakland, where they intend to make their future home. Both of their sons—one in government service and one attending school—have been living in the bay region for some time. Their parents decided it was best that they reside permanently near them.

TAHOE WEATHER

TAHOE CITY—A. E. Frodenberg, official weather observer, reported 34 inches of snow on the ground here Monday morning; the lake level at 6227.55 with 15 gates open. Daily high and low temperatures for the preceding week were Feb. 9th: 31, 9; 10th: 37, 15; 11th: 47, 18; 12th: 34, 18; 13th: 41, 18; 14th: 47, 24; 15th: 44, 18; 16th: low, 19.

BEEETLES THREATENING TIMBER STANDS

The western pine beetle and the mountain pine beetle were responsible for killing an estimated 300 million feet of pine and a similar

volume of fir in California during 1952.

The U. S. bureau of entomology and plant quarantine and the California division of forestry reported the losses in the nearly pure

pine stands of northeastern California were especially serious.

Private firms are reported to have salvaged a total of ten million feet of timber during the year.

From faraway places—more oil for you

In Sumatra back in 1924, Standard geologists began mapping possible deposits of oil. But not until last year did Sumatran wells start adding to available oil supplies. This operation, costing some \$62 million to date, was pioneered by Standard. It is now carried on jointly with The Texas Company under the name "Caltex."

Into San Francisco Bay come tankers carrying Sumatran crude—returns on the long gamble Standard undertook nearly 30 years ago. Other shipments go elsewhere in the world, aiding progress and adding defensive strength. Four friendly nations in particular benefit directly. First, of course, is the young Indonesian Republic, of which Sumatra is a part. Then Australia, Japan and the Philippines. They produce practically no oil of their own,

but will be supplied in the near future by refineries which Caltex is helping to build. And, of course, the Sumatran oil brought into this country helps keep you in gasoline and the many other petroleum products you've come to rely on. Standard's activities abroad, typified by this flow of Sumatran crude, are constantly being expanded, as an added guarantee that petroleum needs of the free world will continue to be met.

JOINT MEETING OF CLUBS IS HELD

Charles Graham, Sacramento Solons baseball official, showed moving pictures of the 1952 World Series at a joint dinner of the Lions, Rotary and 20-30 Clubs at Donner Lake Lodge last night. During the dinner, Jerry and Doreen Quam sang, Angelo Besio presided at the meeting.

Guests included John Wardman, Karl Kielhofer, Robert Cain, Francis Torri, James Morhain, Orval Vaughan, Edward Trask, Vernon Stoll, Dan Hesse and Vern Barton.

SOCIAL SECURITY MAN WILL VISIT

A representative of the Social Security Administration, bureau of old age and survivors insurance, will be at the Justice Court in Truckee Tuesday, February 24, 1953, between the hours of 10 a.m. and 11:30 a.m., according to William Royle, manager of the Reno field office, to serve those having business to transact in connection with the operations or benefits of the program.

ART EXHIBIT IS SLATED BY CLUB

An art exhibit, free to the public, will be held in Capitol Hall on Thursday, February 26, between the hours of 10 a.m. and 4 p.m. The show is sponsored by the Wyethia Club to display the work of local and Carson City artists.

Mesdames Edward Trask, Charles Heller, Roy Waters, N. F. Dolley, Lloyd Van Sickle, and William Englehart Jr., Rafael Jolly and Robert Briggs will be among the local exhibitors. Hostesses for the affair will include Mesdames Jack Ellis, Rex Reid, Nat Quilici, E. V. O'Rourke and Fred Pedley.

TAX SERVICE AT LOCAL MARKET

A representative of the Bay Area Tax Service will be located at Rose Brothers Market at Gateway Park from February 24 until March 15 to assist in preparing income tax forms, Dave Rose, manager of the market, has announced. Hours will be from noon until 7 p.m., Sundays included.

GROWTH OF LOCAL TELEPHONE SYSTEM IS SEEN IN REPORT

The first telephone exchange to be established on the Pacific Coast — San Francisco — observed its 75th anniversary Tuesday.

Established February 17, 1878, the San Francisco exchange now serves 463,376 telephones. It was the third telephone exchange in the United States, the first being New Haven and the second Meriden, Connecticut.

The "City by the Golden Gate" now has 54.3 telephones for each 100 people—which represents the third highest telephone concentration in the world.

Howard J. Newsham, Pacific Telephone manager here, said:

"The Truckee exchange has its 53rd anniversary this year. Our exchange was founded on June 18, 1900, and experienced 45 years of steady growth to reach the 1945 total of 345 telephones in operation."

"Illustrating our accelerated postwar service enlargement program, however, is the fact that it took us only seven years to nearly double the number to a present total of 625 telephones in service."

CARPENTERS ARE GRANTED RAISE IN THIS DISTRICT

Both the North and Central Chapters of the Associated Carpenters of America, who are the recognized bargaining agency covering all phases of construction carpentry in the state of California, have notified their members that the .06 cent wage increase for carpenters in the 42 northern California counties was granted by the wage stabilization board on January 22 and is due and payable to all carpenters February 23.

This brings the scale in this region, covered by local union 2035, to \$2.85 per hour.

The health and welfare fund payments are to be computed at the rate of .075 cents per hour starting March 1 and must be paid into the fund's central office not later than March 15 and by the 15th of each month following. This fund covers the 46 northern counties of the state and covers all construction carpenters.

SCHOOL SKIERS WIN MARKS AT YOSEMITE MEET

Local Tahoe-Truckee skiers continued to distinguish themselves last weekend when they traveled to Yosemite for the annual Far West Ski Association championships for juniors in downhill and slalom. Such local stalwarts as Lewis Fellows, Jay Stuart and Gary Brumbaugh of the Wolverine ski squad; Penny Jenkinson, Kit and Jim Schull, Rex Donaldson, Bob Huega, Sherman Reams, Binth Rustad, Starr Walton, Delia and Madeline Tschopp, Ron Rau, Lili and Justine Cushing all traveled the 300-odd miles to compete in the two-day affair.

Some of their combined scorings were as follows:

Class 2 boys: Lewis Fellow, 1st; Jay Stuart, 7th; Gary Brumbaugh, 15th; Class 2 girls: Penny Jenkinson, 5th; Class 3 boys: Ron Rau, 1st; Kit Schull, 6th; Sherman Reams, 13th; Bob Huega, 16th; Class 3 girls: Justine Cushing, 4th; Class 4 girls: Starr Walton, a 1st and a 2nd; the Tschopp sisters, with a 3rd each; Class 5 boys: Jimmie Huega, 1st; Jim Schull, 3rd; Class 5 girls: Binth Rustad: 2nd.

This Friday and Saturday, the Tahoe-Truckee High School squad will play host to four high schools in the second Sierra-Nevada Inter-scholastic four-way tournament. The junior skiers of high school age will compete in giant slalom and slalom events at Squaw Valley Friday and in cross country and jumping Saturday at Tahoe City.

SPEECH CONTEST IS BEING DECIDED

The Lions Club speakers contest is having its initial run-off at the high school this week. On Monday, John Moore, Bill Walker, Loma Sorensen and Tom Grow spoke before the student body and on Tuesday, Diana Abbott, Barney Gilmore, Carol Wilson and Sheldon Jones spoke.

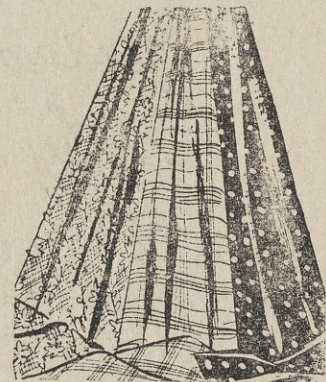

The topic for all was "Man's Search for Security." The six receiving the highest scores will represent the school before either the Truckee or Kings Beach Lions Clubs. The three representing the school at Kings Beach will appear before that organization March 3 and will be introduced by E. V. O'Rourke, district superintendent. On March 4, the trio representing the school will appear before the Truckee Lions.

Virginia City Visitors—Mr. and Mrs. Harry Barnes and daughters, Donna and Virginia, were Virginia City visitors Sunday.

STUDENTS PREPARE ESSAYS ON SAFETY

An essay contest on Traffic Safety for high school students is being sponsored by the Wyethia Club, the closing date to be Saturday, March 14.

There will be two divisions for the 100 word essays, one to include pupils of the 7th, 8th and 9th grades and the second from the 10th, 11th and 12th grades. The compositions are to be original to qualify.

Safety Week will be officially observed from March 15 to in-

clude March 21, although the local club will continue the campaign for prevention of accidents on the highways, at work and in the homes for a year.

RESERVATION FOR AFFAIR WILL CLOSE

February 25 will be the closing date for reservations for Gentlemen's Night, to be given by members of the Wyethia Club in Donner Lake Lodge February 28. Mrs. L. Firpo at Cabona's Store may be contacted for reservations until that date.

"More than one cream?" WHAT NONSENSE!"

says Ann Delafield

Now you can avoid the waste and bother of many creams and oils with the NEW Ann Delafield All-Purpose Deep Cream. This single, gold-topped jar contains all of the ingredients for cleaning, smoothing and refreshing your skin.

And this is just the beginning of a whole new cosmetic line — vitamin-centered to give you the most for your cosmetic dollar. Look for Ann Delafield Deep Cream and beauty aids at your Rexall store.

All-Purpose DEEP CREAM
All you need for easy make-up removal, deep basic cleansing and deep skin softening.
2.35-oz. jar \$1.50
Economy size \$2.75

LIPSTICK Indelible, clear edging. Five stopper shades . \$1.25

French Formula FACE POWDER
Built-in foundation. Five shades. \$1.50

SKIN FRESHENER Scientific pore cleanser, skin stimulant . \$1.50

COMPACT Contains Quik-On mascara, shadow, eyebrow pencil and liner.
Party, \$5.00 Purse, \$2.00

COLOGNE "Concentrated, long-lasting \$2.50

All prices plus tax (except vitamins)

VITAMINS For a lovelier you, "Beauty begins with vitamins," says Ann Delafield. "You need them every day." One month's supply \$2.95

EDGAR RICE BURROUGHS' Tarzan

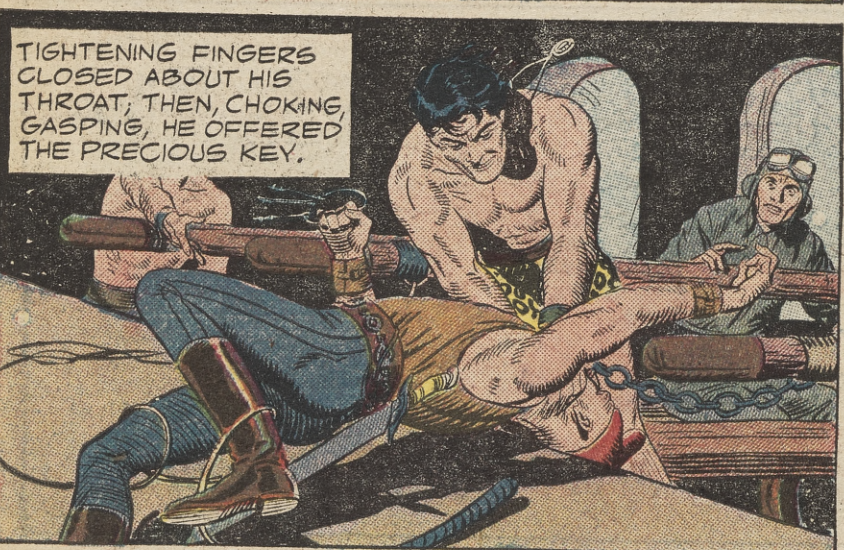

ENSLAVED AND CHAINED IN THE HOLD OF AN UGLY GALLEY SHIP, THE APE-MAN AND HIS COMPANIONS WERE FORCED INTO GRUELING, BACK-BREAKING LABOR.

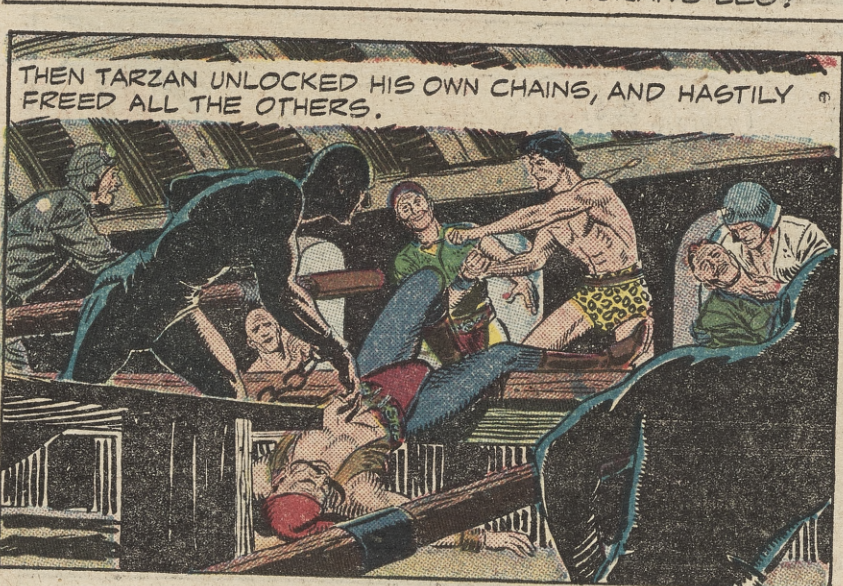

"BARD WILL DIE IF WE DON'T ESCAPE," TARZAN WHISPERED TO THORAN. "SO WHEN THE SLAVERMASTER COMES DOWN THE AISLE--TRIP HIM."

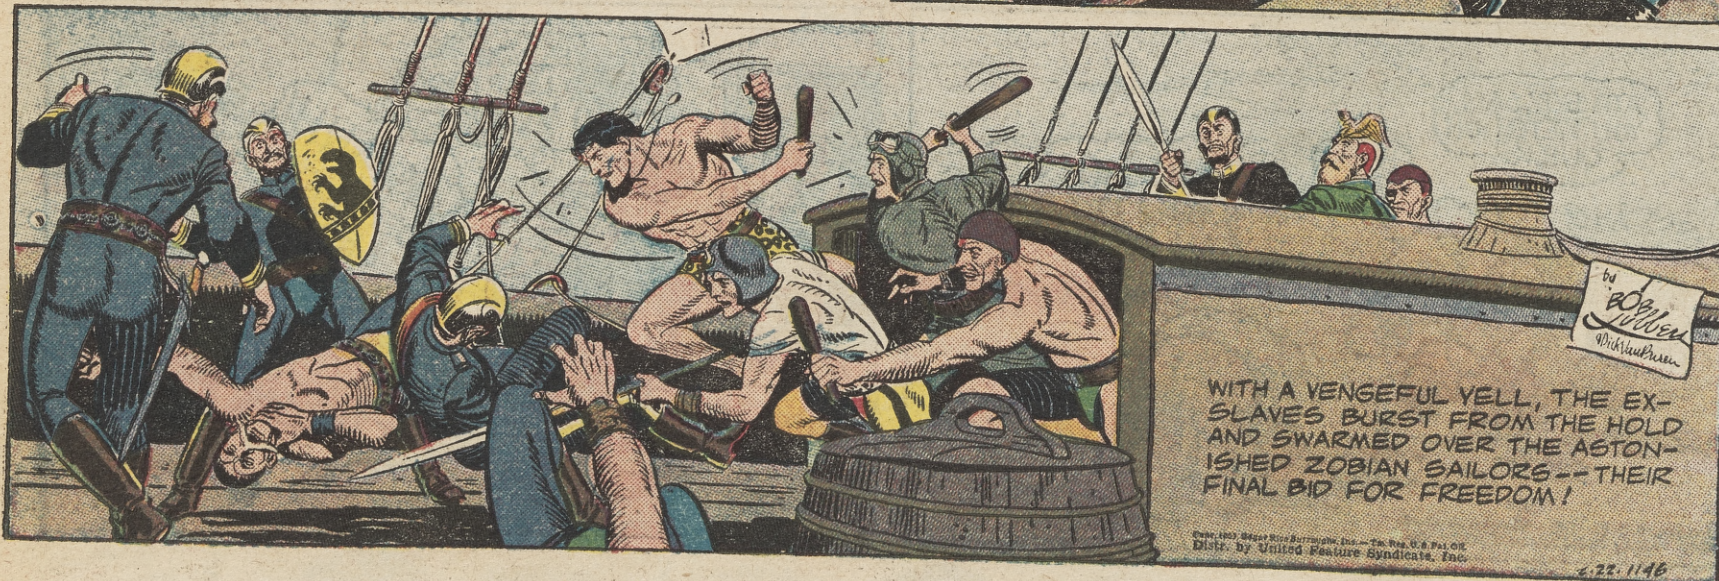

SOON BARD WEAKENED AND COLLAPSED AND THE SLAVERMASTER ARRIVED, ONLY TO TRIP OVER THORAN'S LEG!

TIGHTENING FINGERS CLOSED ABOUT HIS THROAT, THEN, CHOKING, GASPING, HE OFFERED THE PRECIOUS KEY.

THEN TARZAN UNLOCKED HIS OWN CHAINS, AND HASTILY FREED ALL THE OTHERS.

WITH A VENGEFUL YELL, THE EX-SLAVERS BURST FROM THE HOLD AND SWARMED OVER THE ASTONISHED ZORIAN SAILORS--THEIR FINAL BID FOR FREEDOM!
